PRODUCT CATALOG**

NO EXCLAMATIONS. NO EXCUSES. There aren't enough definites in life. But when you're in your boat, **YOU'RE IN CONTROL. YOU CAN GO ANYWHERE YOUR SKILL AND EQUIPMENT CAN TAKE YOU.** That's why we've poured our heart and souls into designing boats that master the unpredictable and let you discover new lines, new experiences, and new levels of progression in your journey. **FROM FREESTYLE TO CREEKING** we're giving you the tools to push the envelope however you wish. And to take control. Because **THE JOURNEY IS WHAT YOU MAKE IT. AND YOU ARE THE JOURNEY.**

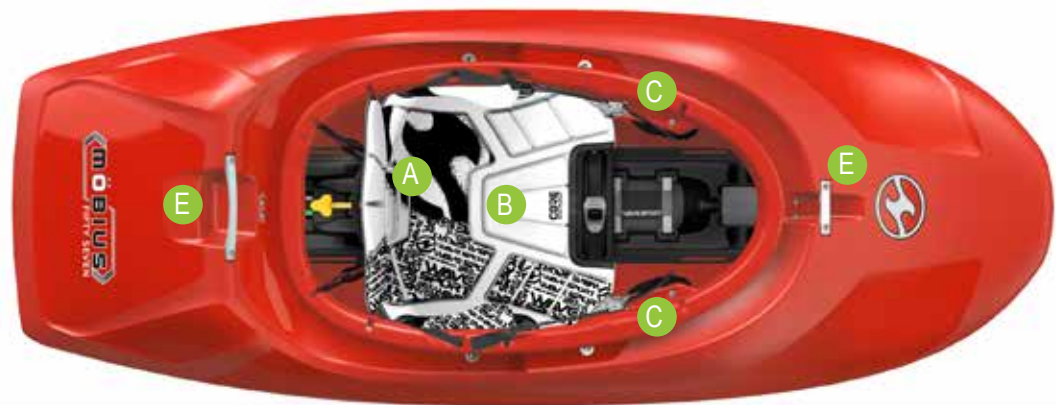

THIS IS KAYAKING
WAVE SPORT

THIS IS FREESTYLE MOBIUS

IT'S ABOUT YOU AND THE WATER. Release your potential. Claim your wave. Expression. **NO RULES. ONLY FREESTYLE.**

Our freestyle machine is short and fast with forgiving qualities that allow beginners to the sport to learn and progress quickly, while offering seasoned competitors an experience they too will appreciate. Between the rounded edges, the sculpted side walls, and the soft curvature of the bow, this predictable design makes loops, mcnastys and phonix monkeys easy to initiate. It is extremely loose and fast on waves, featuring a continuous rocker profile and a stern release edge that allows quick acceleration down a wave.

RIVER RUNNER CRAVES FREESTYLE. Forgiving, yet loose on waves. SPRINTING TO SURF. Get downstream. Don't miss the playspots. HYBRID.

THIS IS RIVER PLAY FUSE

For the river runners out there who still crave some freestyle love, we've got your back. Our river running playboats get you down river in one piece while allowing you to surf the playspots. Expect the forgiveness of a river runner and the high-performance loose hull of a freestyle boat. If you're a river runner who sprints to surf every wave and hole along the way, you've come to the right place.

THIS IS RIVER RUN DIESEL

A TO B, AND EVERYTHING BETWEEN. There's a situation – we'll deal with it. HALF BIG WATER, HALF TECHNICAL, ALL AWESOME.

They've called it the 4x4 of kayaks. Runs rapids like a fast creekboat with a hull that will also spin on green waves. It is, indeed, all that and more. Peaked deck for resurfacing - check. A honed combination of planing hull and continuous rocker for ultimate agility – check. Outfitting that will let Sasquatch fit in a kayak – big, hairy – check. Meet the SUV of river running.

 Solid, responsive, safe. **THE JOURNEY OF THE ADVENTURE**
 DEFINES YOU.

THIS IS CREEKING RECON

Reconnaissance is the military term for exploring beyond the area occupied by friendly forces. While the creeks may call out to us, the forces of the river don't always welcome our exploration. Performing at the highest levels of creeking and class IV-V+ boating, the Recon handles creeks and rivers efficiently, confidently and safely, with boofability worthy of a new term. Helping boaters make limit pushing a way of life since 2012 - the Recon Series.

THIS IS UNCOMPROMISED PERFORMANCE in a crossover package.

CROSSOVER

ETHOS

Introducing the river trekking category to Wave Sport, the Ethos is a stable, forgiving, performance-minded crossover platform. With more whitewater performance attributes than other designs in this category, the Ethos offers a confidence-building introduction to paddling in up to class III whitewater and offers outstanding comfort on long, multi-day river treks due to the roomy cockpit and sizable gear-storage space.

Ethos 10 shown

ETHOS NINE

COLORS

CORE WHITEOUT OUTFITTING

The Core Whiteout Outfitting combines our stylish, marine vinyl white pads with the most innovative outfitting technology today. Focused on safety, enhanced performance, unparalleled adjustability and comfort, our new outfitting will set an industry standard of excellence with an all-new bulkhead system, leg lifters, very convenient adjustment points, and more.

FEATURES INCLUDE

- Reinforced bulkhead foot brace system with reinforced rails and expanding toe cup that prevents feet from pushing past the bulkhead
- Ratcheting leg lifter provides 3" in elevation for added storage space and adjustability that allows more efficient energy transfer from the paddler to the kayak
- All adjustment parts are tethered to prevent loss
- Comfortable cockpit padding
- Quick-release, adjustable hip pads
- Re-engineered back band provides greater functionality and easier access to storage space behind the seat
- Metric hardware for global compatibility
- Multiple attachment points and security tethers for securing gear
- Foot and seat booster padding included for customization

ADDITIONAL CREEK FEATURES

- Intuitive controls allow 3" of fore and aft seat adjustment
- Rotomolded tank style creek seat is stiff and durable
- Step-out wall includes easy-grip handle for easy carrying and efficiency in the step-out motion
- Storage tray adds storage capacity and hull structure

ADDITIONAL PLAY FEATURES

- Intuitive controls allow 4" of fore and aft seat adjustment
- Quick-reference indexing system allows on-the-fly adjustment
- Hull beam is welded to the kayak hull for durability and structural support

THIS IS TEAM WAVE SPORT

Team Wave Sport does a lot more than just bring home national and international medals. They play a very important role in our R&D process – to be specific, they punish our boats until we finally get their blessing— so you know you’re paddling what they’re paddling. When they’re not training for the next event, they’re blazing first descents or contributing their time to a worthy cause. They put in a lot of hours and a lot of hardwork. And when it comes to the journey, they always make the most of it.

TEAM WAVE SPORT

Bryan Kirk – Caleb Adams – Chris Baer – Chris Wing – Devon Barker-Hicks – Devyn Scott
Elaine Campbell – Hunter Katich – Ian Wingert – Kim Russell – Max Ovett – Sam Ovett
Shane Groves – Tad Dennis – Taylor Cavin – Tyler Curtis – Tyler Fox – Wyatt Hyndman

BOAT SPECS- HOW WE GET THEM, WHAT THEY MEAN

WEIGHT

Based on a fully assembled boat including all outfitting. (NOTE: When comparing, other companies may not include outfitting in their weight specifications.)

CAPACITY

Field tests determine each model's capacity, with maximum being the greatest load the model can carry and still perform under typical conditions.

DIMENSIONS

Depths are measured from the highest point on the deck to the bottom of the hull directly under that point.

All Wave Sport kayaks are designed and manufactured in the U.S.A. and are covered by a 3-Year Limited Warranty. Coverage varies over the 3 years and limitations apply. Check out the website for full details: www.wavesport.com.

Polyethylene expands and contracts with changes in temperature and humidity. Actual dimensions can vary from those shown in the Specifications Chart due to molding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty.

Specifications and features are subject to change.

Colors may vary slightly from those shown in catalog. Color combinations (Citrus, Margarita, Purple Haze, Hornet, Cherry Bomb) will vary from those shown in catalog and are unique for each boat we produce. Variations in color are not covered by warranty.
